

# Fackler Construction: Yamhill Valley's premier design/build custom contractor

*Builder known for attention-to-detail on residential and commercial custom projects*

**A** local builder's love of creating and building — coupled with his natural attention-to-detail — made his career path obvious. As founder of McMinnville's Fackler Construction Company, Ben Fackler has completed numerous notable local projects with characteristically painstaking craftsmanship. "I can't imagine doing anything else," said Ben. "And I enjoy the constant challenges."

Fackler Construction Company is a full-service builder and general contractor specializing in custom residential and commercial construction projects. With an impressive portfolio of local and regional work, the company is well-known for its superior craftsman quality. Licensed as a general contractor since 1994, Ben holds his employees to the high standards on which he built his company's reputation. "We hire skilled craftsmen with a minimum of five years of experience," he said.

The company's recently-completed Francis Court and Block House Café projects in Dayton highlight a commitment to high-quality work. The Block House Café — a former Baptist church originally built in 1886 — was

carefully restored and repurposed into a modern gastropub. "We're proud of the Block House job," said Ben. "We put a lot of effort into preserving the building's historic character while creating an attractive and functional space for a restaurant." The Block House Café won a prestigious Demuro Award from Restore Oregon, the state's premier historic preservation organization.

Francis Court is the new building immediately adjacent to the Block House, offering a mixed use of shopping and residences. "The building features a wine tasting room and retail spaces on the main level with custom apartments on the second floor," said Ben.

Fackler Construction, along with its subsidiary business, Pro Handyman Services, also counts a number of local commercial clients including

Brookdale Senior Living, Chuck Colvin Ford, WalMart, Meggitt and numerous local residential remodeling jobs.

"It's been a busy year for the company," said Ben. "Both Fackler Construction Company and Pro Handyman Services are committed to meeting or exceeding clients' expectations."

The company is located at 500 SW Adams Street in McMinnville. Call 503-472-7767 for more information. Visit [www.facklerconstructioncompany.com](http://www.facklerconstructioncompany.com) or the company Facebook page for regular updates on projects.

"Remodeling your home or business is a great investment," said Ben. "Give us a call to see how we can turn your projects into reality."

Fackler Construction Company is fully bonded, insured and registered, CCB 180027.
